COMPANY PROFILE

About Us:

P-Esthetico was established in 2016 in Jaipur. We are a leading brand in Slimming, Beauty, and Laser to provide the best services & products in the sector of slimming beauty equipment.

P-Esthetico is a well-known equipment brand that is extensively used in all the leading Hospitals, Beauty Clinics, Nursing Homes, & Slimming centres in India & abroad.

To achieve our aim, we "bottom-up" strategy, which means we start examining the real needs of professionals in the area, and then transfer these needs to the production cycle. The evaluation and improvement of P-Esthetico equipment has always been guided in accordance with the requirements and demands of its users.

P-Esthetico, provides and aid for a new life and keep people moving.
